

## 19 SECURITY CHAINS

We are all familiar with the term ‘the weakest link’ but when selecting a chain for security purposes, the term is not just restricted to the chain itself. It is important to choose a chain or cable which is in keeping with the rest of the security devices or structural elements with which it is to be used. It would be pointless for instance, to invest in a high security chain if the chain were to be used with an inferior padlock, or less than robust gates.

Not all chains are the same, an anchor chain for instance is manufactured from more malleable material than a security chain in order to allow a certain degree of flexing under the repeated strain of a ships movement when at anchor.

Insights’ security chains are designed specifically with security in mind. Manufactured from special steel alloys, the chains incorporate fully welded links and are specially hardened to protect against attempted cropping, sawing or freezing attack.

Most chains are sheathed as standard to protect the items they are used with against chafing or abrasion, all represent excellent value for money.

*Note: If you can't see what you want among our standard product range as shown here, please contact us as we will almost certainly be able to help you.*

## SECURITY CHAINS

### PD SCS10nn Medium duty security cable

10mm core, braided galvanised steel rope

- covered to 14mm (overall diameter)
- ends terminated in 'soft eye' (loop) as shown to allow either end to pass through the other.
- standard lengths, 1, 2 or 3 metre

model	PD SCS1010	PD SCS1020	PD SCS1030
cable length (metre)	1.0	2.0	3.0
core diameter (mm)	10.0	10.0	10.0
sheathed	yes	yes	yes

### PD CH08nnR Medium duty security chain

8mm round section links (or 10mm)

- case hardened welded link construction
- red PVC sheathed
- 1.5 metre standard length

model	PD CH0815R	PD CH10R
chain length (metre)	1.5	1.5
link section dia (mm)	8.0	10.0
sheathed	yes	yes

### PD CH10nnQ Medium duty security chain

10mm Quadlink chain

- through and case hardened welded links
- blue sheathed
- standard lengths 1 metre or 2 metre

model	PD CH1010Q	PD CH1020Q
chain length (metre)	1.0	2.0
link section dia (mm)	10.0	10.0
sheathed	yes	yes

### PD CH11nnS Heavy duty security chain

11.5mm square section links

- through and case hardened welded links
- PVC sheathed
- standard lengths 1 metre or 2 metre

model	PD CH1110S	PD CH1120S
chain length (metre)	1.0	2.0
link section dia (mm)	11.5	11.5
sheathed	yes	yes

SOLD SECURE APPROVED

### PD CH12nnR Heavy duty super-link chain

12.5mm round section links

- through and case hardened extended length welded links (links pass through each other)
- sheathed (fabric cover) or unsheathed
- standard lengths 1 metre or 2 metre

model	PD CH1210R	PD CH1220R
chain length (metre)	1.0	2.0
link section dia (mm)	12.5	12.5
sheathed	yes	yes

SOLD SECURE APPROVED

### PD CH13nnR Heavy duty security chain

13mm round section links

- through and case hardened welded links
- sheathed (fabric cover) or unsheathed
- standard lengths 1 metre or 2 metre

model	PD CH1310	PD CH1320
chain length (metre)	1.0	2.0
link section dia (mm)	13.0	13.0
sheathed	yes	yes

SOLD SECURE APPROVED
