

**Helping to secure your customers' personal property**

Protecting your own goods and assets is vital, protecting your customers' valuables makes good business sense!

Theft often happens in crowded places: theatres, restaurants, bars, waiting rooms and shops. Personal possessions left unattended and unsecured even for a moment are at risk.

Businesses take pride in providing first class facilities for customers, especially in dining rooms, public areas, changing rooms and wash rooms – all of which can provide easy pickings for the thief.

The Securi-Clip is a unique deterrent with a proven track record, providing a feeling of security with the public – your customers.

Specifically designed to secure personal belongings within public places, the Securi-Clip is easily fitted to tables, walls, bars – in fact just about anywhere that a customer may need to secure their handbag, briefcase or mobile phone.

Moulded in tough nylon, the Securi-Clip is almost indestructible in normal use and is supplied complete with fixings.
