

Satnav Safe - Internal Dimensions Guide

Top View

Side View

The internal surfaces of the Satnav Safe are lined with a non scratch padding to offer protection to the items placed within it.

The dimensions shown on this diagram represent the usable space within the safe, excluding the padding.

Please Note:

The lock housing / security cable locking point takes up a small area (55 x 30mm) of the slide out safe drawer as shown by the shaded area on the diagram.
